EXECUTIVE DIRECTOR

**MAINE CENTER FOR DISEASE CONTROL AND PREVENTION
NOTICE OF EMERGENCY RULEMAKING**

The Board of Dental Practice is posting resource information to further assist licensed dental professionals in obtaining information regarding the Department of Health and Human Services, Maine Centers for Disease Control & Prevention's ("MaineCDC") notice of Emergency Rulemaking to amend its rules regarding immunization requirements for healthcare workers on an emergency basis to immediately add the COVID-19 vaccine.

The Board of Dental Practice is not the state agency adopting the emergency rule, nor is it the state agency responsible for enforcing the rule. The responsible agency is the MaineCDC. Any dental professional who is seeking clarity to the rule and whether the rule applies to their practice should contact the MaineCDC. Below is information to access the emergency rule as well as information to contact the MaineCDC for more information regarding Maine's response to the ongoing public health emergency.

- Link to DHHS/MaineCDC emergency rule - click on the "Emergency" tab:
